October To-Do's

Now that you all have your list of colleges ready. It is recommended that you take some time to **visit the colleges** you noted. This will allow you to see the campus, meet admissions counselors, and possibly some professors. It is important that you feel comfortable and welcomed when choosing your college.

Your **College applications should be started, and completed soon.** Applying as **Early Action (not Early Decision)** means you will hear back on your acceptance sooner, therefore giving you more time to plan ahead with financial aid.

Don't forget that your **college essays are the most important part to your college application.** Reach out to INSPIRE if you need some feedback on it!

Tips & Tricks

Create a Google Drive folder to put all of your college/scholarship materials in with your personal Gmail.

ALWAYS USE YOUR PERSONAL GMAIL WHEN APPLYING!

ALWAYS have someone (or multiple people) review your college/scholarship essays. I am more than happy to give you feedback! It is the most important part of your college application!

Start with Colorado/Local Scholarships, those are less competitive and "easier" to get! Then check out the Diversity Based and then the National!

Colorado FREE APP DAYS are October 15th-17th. You will not have to pay for your college applications if you submit on these days. Only valid for Colorado schools.
